## Express Active

**45 minutes**

In urgent need of some serious skin care? These Express facials deliver a fast boost of regenerating actives directly into the skin. In a wonderfully cooling and soothing facial massage, potent actives are released from a freeze-dried organic biomatrix and infused into the skin.

Choose the Express Active facial for your skin's needs.

**Express Caviar** – great for all skin types, especially mature, dry and ageing. Rich in essential proteins, amino acids, vitamins and minerals, Caviar repairs and strengthens damaged skin cells restoring a youthful radiance to your skin.

**Express Vitamin C** – great for all skin types, especially fatigued and stressed skin. After this intense infusion of pure vitamin C your skin will be visibly fresher, younger and stress free!

**Express Whitening** – brings a new natural alternative to the challenge of pigmentation and skin lightening. This highly bio-compatible complex of natural plant extracts, combined with Vitamin C, is clinically proven to be effective in reducing melanin, for a long-lasting brighter and whiter skin complexion.

For best results an intensive course is recommended.
